

# THE CLIMATE IS CHANGING...

Selected for its looks,  
**adapted to survive**

**When its time to play...**  
Village Green® knows how to perform

**When its winter...**  
Village Green® shows its true colour

**When the going gets tough...**  
Village Green® starts a comeback

**When the heat is on...**  
Village Green® digs deep for moisture

Village Green®  
Darling Park  
Melbourne.

**Line planted 15 January  
2009, photo taken  
three months later.**

Village Green® is  
protected by Plant  
Breeder's Rights (PBR)

Village Green® is versatile, for use on playing fields, entry statements, offices and home lawns.

## COMPARE THE DIFFERENCE

## LINE PLANTING IN MELBOURNE

The traditional method of establishing broad areas of turf, Village Green® is quick and easy to establish with great results

## SOLID TURFING IN PERTH

Reduces time out of play, uses less water, less fertiliser and less pesticide
